MARIN HEALTHCARE DISTRICT BOARD OF DIRECTORS RESOLUTION NO. <u>MHD 2022-06</u> RESOLUTION AUTHORIZING REMOTE TELECONFERENCE MEETINGS PURSUANT TO AB 2449

WHEREAS, all Marin Healthcare District ("District") meetings are open and public, as required by the Ralph M. Brown Act (Cal. Gov. Code 54950 – 54963); and

WHEREAS, on March 4, 2020, Governor Newsom declared a State of Emergency to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the State prepare for a broader spread of the novel coronavirus disease 2019 ("COVID-19"); and

WHEREAS, on March 17, 2020, in response to the COVID-19 pandemic, Governor Newsom issued Executive Order N-29-20 suspending certain provisions of the Ralph M. Brown Act in order to allow local legislative bodies to conduct meetings telephonically or by other means; and

WHEREAS, as a result of Executive Order N-29-20, District staff set up virtual meetings for all meetings of the District Board of Directors and its committees (collectively, "District Meetings"); and

WHEREAS, certain teleconferencing allowances were made under subsequentlyenacted AB 361 (2021) and AB 2449 (2022) that replaced now-repealed Executive Order N-29-20; and

WHEREAS, AB 2449 (2022) was signed on September 13, 2022 and is in effect through January 1, 2024, and among other things provides in Government Code 54953(e) that (i) a legislative body may use teleconferencing if it holds a meeting during a proclaimed state of emergency and state or local officials have imposed or recommended measures to promote social distancing, and (ii) a legislative body using the teleconferencing procedures of AB 2449 must make renewed findings by majority vote every thirty (30) days that it has considered the circumstances of the state of emergency, and that either (a) the state of emergency continues to directly impact the ability of the members to meet safety in person, or (b) state or local officials continue to impose or recommend measures to promote social distancing; and

WHEREAS, the Board of Directors desires to make findings and determinations consistent with AB 2449 for District Meetings to utilize the special procedures for teleconferencing provided therein due to imminent risks to the health and safety of attendees; and

WHEREAS, in 2022, highly contagious Delta and Omicron COVID-19 variants are in circulation, causing increases in COVID-19 cases throughout the State and Marin County; and

Resolution MHD 2022-06 Page 2 of 2

WHEREAS, the CDC continues to recommend source control and physical distancing for everyone in a healthcare setting; and

WHEREAS, the District Board of Directors hereby finds that the continued presence of COVID-19 and the increase of cases due to new variants would present imminent risks to the health or safety of attendees, including the legislative bodies and staff, should District Meetings be held in person.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Marin Healthcare District, that (i) the above recitals are true and correct, and incorporated into this Resolution, and (ii) the Board of Directors makes the following findings: (a) The Board of Directors has considered the circumstances of the State of Emergency, (b) the State of Emergency, as declared by the Governor, directly impacts the ability of District Meeting attendees to meet safely in person, and (c) the CDC continues to recommend source control and physical distancing for everyone in a healthcare setting and as a result of the presence of COVID-19 and the increase of cases due to the new variants, meeting in person would present imminent risks to the health or safety of attendees, the legislative bodies and staff; and

RESOLVED, FURTHER, that District Meetings may continue to meet remotely in compliance with AB 2449 (2022), in order to better ensure the health and safety of the public; and

RESOLVED, FURTHER, that the District Board of Directors will revisit the need to conduct District Meetings remotely within thirty (30) days of the adoption of this resolution.

REVIEWED, APPROVED, AND ADOPTED at a Regular Board Meeting held on the 8th of November, 2022, by the following vote, to wit:

REGULAR MEETING

Tuesday, January 10, 2023 @ 5:30 pm Virtual, via Zoom

MINUTES

1. Call to Order and Roll Call

Chair Su called the Regular Meeting to order at 5:30 pm.

Board members present: Chair Brian Su, MD; Vice Chair Edward Alfrey, MD; Secretary Ann Sparkman, RN/BSN, JD; Jennifer Rienks, PhD; Samantha Ramirez

Staff present: David Klein, MD, CEO; Eric Brettner, CFO; Colin Leary, General Counsel; Louis Weiner, EA

2. General Public Comment

There was no public comment.

3. Nomination and Election of Marin Healthcare District Officers for 2023

- A. <u>Chair</u> Dr. Su nominated himself. Ms. Rienks remarked that the officers might rotate year-to-year, or to carry over to continue in two consecutive years. Dr. Alfrey agreed to doing either. There were no other nominations for Chair, and Ms. Sparkman supported Dr. Su continuing for a second year. Ms. Rienks nominated Dr. Su, and he accepted. Voting took place by roll call. Each voted affirmatively for Dr. Su. Dr. Brian Su was elected unanimously to be Chair of Marin Healthcare District Board for 2023.
- B. <u>Vice Chair</u> Ms. Rienks nominated Dr. Alfrey to continue as Vice Chair, and he accepted. There were no other nominations. Voting took place by roll call. Each voted affirmatively for Dr. Alfrey. Dr. Edward Alfrey was elected unanimously to be Vice Chair of Marin Healthcare District Board for 2023.
- C. <u>Secretary</u> Dr. Alfrey nominated Ms. Sparkman to continue as Secretary, and she accepted. There were no other nominations. Voting took place by roll call. Each voted affirmatively for Ms. Sparkman. Ms. Ann Sparkman was elected unanimously to be Secretary of Marin Healthcare District Board for 2023.

4. Approve Agenda

Dr. Alfrey moved to approve the agenda as presented. Ms. Rienks seconded. Vote: all ayes.

5. Consent Agenda

- A. Move to reconfirm findings under Assembly Bill 2449 and extend Resolution MHD 2022-06 to continue virtual meetings of the Marin Healthcare District Ms. Rienks moved to approve as presented. Ms. Sparkman seconded. Vote: all ayes.
- B. Approve Minutes of the Regular Meeting of December 13, 2022 Dr. Alfrey moved to approve as presented. Ms. Ramirez seconded. Vote: all ayes.

6. Finance Report, November 2022

Dr. Klein noted that finance reports are ordinarily reviewed by the Finance & Audit Committee, which last met in October and will next meet in February.

Mr. Brettner presented the report for November 2022 (Tab #4). Net operating income for November was \$141K, favorable to budget by \$154K driven by positive investment earnings and low expenses. Year-to-date operating losses were \$474K, unfavorable to budget by \$328K, due to unrealized investment losses of \$497K. November operating expenses were considerably below budget, largely due to budgeted Covid support not incurred.

On the balance sheet, net assets and liabilities continue consistent other than in investment losses. Dr. Su requested a summary of the District's funding of the Behavioral Health program (in

MHMC and MHMN Program Support line items) for the next Board meeting. Mr. Brettner agreed. Ms. Rienks requested a summary of the Community Education line item for the next Board meeting. Mr. Brettner agreed.

7. <u>Committee Reports</u>

A. Finance & Audit Committee

Dr. Alfrey reported that the Committee did not meet.

B. Lease & Building Committee

Ms. Rienks reported that the Committee did not meet, and is scheduled to meet on January 23.

8. <u>Reports</u>

A. District CEO's Report

Dr. Klein reported. Dr. Su mentioned the recent IJ article on the Leapfrog report, and Dr. Klein said he had no further comment beyond what he was quoted in the article.

Sub-drainage issues are being handled by McCarthy at their expense, involving substantial repairs to begin in February.

Hybrid Operating Room construction continues on schedule, to open this summer. The buildings and grounds have held up well in the recent series of rainstorms.

Rebuild of the Behavioral Health garden space continues, supported by a generous philanthropic gift.

Details on helipad construction are being worked out and will be reported at the next Board meeting or the Board Retreat. The Retreat is scheduled for February 17 in the hospital's Inverness Conference Room. The agenda is being formed, and will include a tour of the hospital for the Board members.

The Security and Safety Team is preparing an "active threat" slide and video presentation to be made available soon to the clinics. They met today with San Quentin leadership regarding oncampus support, with Sheriff and other local law enforcement, in case of an event. An active threat shooter drill will be done in February.

There is a new Security Supervisor on board doing an annual security risk assessment. Two final candidates are being interviewed for Director of Safety and Security.

Ms. Rienks asked about the Leapfrog report and how current the data is. Dr. Klein said that the data is not current, delayed one or two years in some cases. We look at other quality measures from several other agencies that are more contemporary. Dr. Lynn Seaver-Forsey (Executive Director of Quality Services) will attend the next Board meeting and will address Leapfrog and other such entities.

B. Hospital CEO's Report

Dr. Klein reported. The long-range financial plan is near completion.

Meeting with S&P for bond rating is imminent. A "Stable" rating, such as Fitch awarded, is anticipated.

November hospital finances were strong, continuing with a positive operating margin. Patient volumes have been very high, with the hospital often at unusual maximum capacity during the holidays. Clinical efficiencies and cost reductions have proved fruitful. 2023 plans will be viewed at the Board Retreat.

A portion of the hospital FEMA reimbursement funds will be received soon. The District FEMA funds continue to be delayed in FEMA's application process.

The APeX (electronic health records system) implementation is going well and is now in the optimization stage.

Negotiations with CNA (nurses' union) continues.

Lease for Petaluma multi-specialty clinical hub has been signed, providers are being consulted for their needs, and construction will begin this spring.

Finance planning is underway for the new Ambulatory Services Building with a goal of beginning construction by early 2024.

As of today there have been 507 days without a serious patient safety event, an extraordinary marker of quality.

There is a high volume of upper respiratory infections. Covid+ patients average about 4 per day. Emergency Dept efficiencies have greatly reduced the incidents of patients "left without being seen."

The DEI initiative is underway, a 5-step process over the next 12-18 months.

Four final candidates for VP of Operations are being interviewed.

A new ad agency has been engaged. A new branding campaign is being formed and will be shown at the Retreat.

Dr. Alfrey expressed concerns about transition of care and the discharge process, and asked that the transition team discuss the process with the Board at a future meeting. Dr. Alfrey further remarked on the discharge process of communication by written and oral instructions, including follow-up phone calls, and the importance of ensuring that patients understand what they must do personally post-discharge. Dr. Alfrey expressed willingness to work with the Patient Experience Team to improve the process. Dr. Klein agreed to invite the Team to address the Board at a future meeting.

Ms. Rienks voiced concern about patients with low literacy levels being able to understand discharge instructions. Dr. Alfrey stressed that instructions in Epic are written as simple and as clear as possible for this reason. Dr. Klein noted that there is a Patient Advisory Committee that addresses issues to improve the discharge and follow-up processes.

Ms. Rienks inquired about the Social Determinants of Health Committee. Dr. Klein reported that a group met today and plans to re-start its activity.

Dr. Su inquired about the status of FEMA reimbursement. Mr. Brettner explained FEMA processes, its delays, our appeals, and that of the \$10M the hospital has asked for, about \$5M has been approved of which about \$2.6M should be received next month. Mr. Brettner and his team continue to meet bi-weekly with FEMA to work out reimbursements for both the Hospital and the District.

Public comment: Mr. Lee Domanico described his recent experience as a hospital patient here as excellent on all accounts, and thanked Dr. Klein.

C. Chair's and Board Members' Reports

Ms. Ramirez reported that this morning she witnessed the swearing-in of her colleague Mary Sackett as new County Supervisor for District 1 (San Rafael).

Dr. Alfrey reiterated his urging organizing community health care fairs in Marin City and the Canal area. "Stop the Bleed" and gun buyback should be included. Ms. Sparkman expressed a willingness to help.

Ms. Rienks noted that January is Mental Health Awareness Month and shared a link for the UCSF program focusing on child and adolescent mental health: https://pediatrics.ucsf.edu/events/heat-health-equity-action-time

9. Agenda Suggestions for Future Meetings

Dr. Su said to agendize the community health fairs planning.

Ms. Rienks suggested a County HHS presentation on food insecurity, which can also be addressed by the Social Determinants of Health Committee.

10. Adjournment

Chair Su adjourned the meeting at 6:35 pm.

EXECUTIVE SUMMARY Q3 2022 HCAHPS

Time Period

Q3 2022 HCAHPS Survey with CMS Benchmarks

Accomplishments

• Discharge Information satisfaction near threshold

Areas for Improvement

• All areas need improving

Data Summary

Sample size= 377, average survey return for a quarter.

Barriers or Limitations

• APeX transition occurred during this quarter and provider and caregiver focus on APeX potentially impacted patient satisfaction results. This is common with Electronic Health Record transitions.

Next Steps

- Senior Leaders have made Patient Satisfaction and Experience initiatives a priority since APeX with several initiatives; Hourly rounding on Medical/Surgical units, Physician bedside rounding and feedback sessions, ED wait times addressed, among other efforts.
- Sr Leader rounding on Med/Surg, ED, Cardiac Units

Schedule 1: HCAHPS

The MGH Board must maintain a positive operating cash-flow (operating EBIDA) for MGH after an initial phase in period of two fiscal years, and then effective as a performance metric after July 1, 2012, with performance during the phase in period monitored as if a Tier 2 metric. The MGH Board must maintain revenue covenants related to any financing agreements or arrangements applicable to the financial operations of MGH.

Tier 2, Volumes and Service Array

The MGH Board will report on key patient and service volume metrics, including admissions, patient days, inpatient and outpatient surgeries, emergency visits.

Schedule 3: Clinical Quality Reporting Metrics

> Tier 2, Quality, Safety and Compliance

The MGH Board will report on efforts to advance clinical quality efforts, including performance metrics in areas of primary organizational focus in MGH's Performance Improvement Plan (including Clinical Quality Reporting metrics and Service Line Quality Improvement Goals as developed, e.g., readmission rates, patient falls, "never events," process of care measures, adverse drug effects, CLABSI, preventive care programs).

EXECUTIVE SUMMARY Q3 2022 Quality Management Dashboard (Organization Targets Based on Natl Metrics)

Time Period

Q3 2022 (far right) most recent of four rolling quarters

Accomplishments

- Mortality rate from all causes v low other than Stroke
- 0 Hip/Knee surgery Readmissions
- Hip/Knee LOS reduced from prior periods
- Surgical Site infections remain low YTD
- Falls/Injury, HAPI low YTD

Areas for Improvement or Monitoring

- Stroke mortality addressed by stroke program
- Sepsis Readmissions which will be addressed by Throughput committee and Sepsis bundle compliance improved post APeX
- Readmission rates: higher than 2021 average but lower than national benchmark
 o Hrt Failure and Sepsis readmission
- Length of Stay (LOS): overall LOS higher than 2021 mean
 - o Hrt Failure, Pneumonia, Sepsis LOS driving overall rate
- C-difficile Infections (CDI): testing protocol addressed

Data Summary

- Q3 represents mix of Paragon and APeX documentation of metrics
- Benchmark: Midas Datavision[™] benchmark reports for same size/type hospitals (n~400)
- Report contains: Mortality Observed to Expected Ratios, Readmission rates, Length of Stay means, and selected HAI (Healthcare Associated Infections) and Harm events.
- See core measures dashboard for specialty and process metrics.

Barriers or Limitations

APeX reports and validation of metrics still in process.

Next Steps:

• Continue work to ensure Q4 metrics and CMS data ready for submission deadlines

EXECUTIVE SUMMARY Q3 2022 Core Measures Dashboard CMS Hospital IQR (Inpatient Quality Reporting) Program

Time Period

Q3 2022

Accomplishments

- STK-4 (Thrombolytic Therapy) 100% compliance (3/3)
- Perinatal measures
- HAI rates

Areas for Improvement or Monitoring

- SEP (Sepsis) 48% (45/94)
- HBIPS (Psychiatric Measures) impacted by Paragon to APeX shift

Data Summary

- Pg. 1 contains 2022 data by quarter with YTD sizes
- Pg. 2-4 publicly reported data published by CMS (dates vary by measure)

Barriers or Limitations

Contains mix of different EMR systems (Paragon, APeX)- transition quarter
